However, as social media has taken the digital world by storm, a different form of self expression has surfaced—selfies. Selfies let people share themselves with their friends and peers all at the touch of a button—but the evolution from self portraits to selfies comes with an array of different meanings and connotations than the original ...

From Self Portraits to Selfies: The Evolution of Self ...

Accordingly, perhaps the concept of self-expression for young people via the much maligned "selfie" is highly over-scrutinized by experts. Maybe it's just a part of growing up digital and purely a new kind of "identity development" whose practice is so intermingled into our culture that NOT participating could be worse -- well, probably not, but nonetheless, we cannot deny that it is becoming ...
